VERTICAL SINGLE WARDROBE UNIT
U60 S

SPECIFICATION:

All sliding wardrobe units shown on drawings shall be U 60 S as manufactured by Panel Products, Richmond, B.C.
All framing shall be 6063T5 aluminum with CE/AN .00025 satin anodized finish.

Note: Seat design should act as a stop for the vertical sliding panel and should also be vented to allow free air flow ventilation.
The millwork design should be such as to act as a stop at the top as well.
